Michael

Thank you so much. Please find the attached signed copy of transfer of water rights & the map illustrating the well location and place of use for domestic purposes. Looks correct!

Please cancel/void/delete/withdraw the submitted application for permit no 21-13326. Please use the current funds submitted for this transfer then I will request a refund for the \$25.00 over payment that was paid against the previous application.

Good afternoon, David.

Attached is a draft application for transfer I prepared based on our conversation Friday afternoon. Please look it over and let me know if you have any questions. If all looks good, please sign and date page 2. Also attached is a map illustrating the proposed well location and place of use for domestic purposes. Let me know if it looks accurate.

When you reply to this email please make it clear in your response that you want to withdraw application for permit no. 21-13326 and that you want to apply the \$100 for that application towards the cost of the application for transfer. Once we receive your reply and the signed transfer application I will request a \$25 refund of your filing fees.
