RE: Change in Ownership Water Right No. 13-2235

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Additional Filing Fee:** According to our review the ownership change received will require a split. According to the deed we received you own approximately 4 acres with a portion of that being irrigatable, the water right listed above is for 85 acres. Please submit the additional filing fee of \$75.00 in order for the department to split the water right. With the bear river basin adjudication getting started you also have the option to file a claim in your name. If you decide to file a claim rather than complete the ownership change, we can return your application and fee. Please submit the additional filing fee or let the department know if you would like this application returned unprocessed.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Bailly
Technical Records Specialist
