RE: Change in Ownership Water Right No. 15-7366, 15-7193, 15-7393, 15-7127

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** This application was forwarded to the Preston office, however it is back in Eastern. According to the letter dated January 18, 2023 we were waiting for some additional information required for a couple of the water rights, however you submitted one of the additional documents required so we are only concerned about the water right that covers property owner by TSA Edwards LLC. We have discussed these issues with you and according to the notes on file we are waiting for a release from the property owner. Please inform the department how to proceed with this application.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Baily
