

JUL 22 2024

Form 113
12/07DEPT. OF WATER RESOURCES
SOUTHERN REGIONIdent No. 43-13933STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES**NOTICE OF DIVERSION AS AN ALTERNATIVE TO
INSTREAM STOCKWATER USE**

(To provide notice of intent to divert surface water from a stream or riparian area to troughs or tanks as an alternative to instream use for the watering of livestock)

1. Name of right holder Ronda Kim Thornton Phone (208) 645-2282
Mailing address P.O. Box 635, Malta, Idaho 83342 Email none
2. Source of water supply unnamed stream tributary to Cassia Creek
3. Point of Diversion:

- a) Is this notice based on an existing recorded instream stockwater right? If yes, provide the water right number no

If no, describe the beginning and ending points for the instream stockwater use:

Beginning point is in Gov't. Lot 1, SW 1/4 NW 1/4 NW 1/4,
Section 18, Township 14S Range 25E, B.M.,
Cassia County.

Ending point is in Gov't. Lot , NE 1/4 NE 1/4 NW 1/4,
Section 18, Township 14S Range 25E, B.M.,
Cassia County.

- b) Alternate point of diversion is in Gov't. Lot , NW 1/4 NE 1/4 NW 1/4,
Section 18, Township 14S Range 25E, B.M.,
Cassia County.

4. Description of diversion and delivery system:

- a) Describe the type of diversion perforated pipe and solid pipe
- b) Describe the delivery system pipe with means of controlling flow rate
- c) Describe the number, type and total capacity of troughs or tanks one tire trough with a capacity of 750 gallons

- d) Describe the automatic shutoff or flow control mechanism or means of returning unused water to the source overflow system connected to a pipe that returns unused water to the source
- e) Describe how the system is designed to allow measurement of the rate of diversion It will be designed so that a bucket and stopwatch can be used to determine the rate of diversion.

5. Describe the place of use by placing an X in the appropriate 40-acre tract(s) below:

TWP	RGE	SEC	NE				NW				SW				SE			
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE
14S	25E	18					X											

6. Priority date claimed or established May 1, 1876
7. Rate of diversion 0.02 cfs
8. Season of use: from January 1 to December 31
9. a) Who owns the property at the point of diversion? Ronda Kim Thornton
b) Who owns the property at the place of use? Ronda Kim Thornton
10. When will construction occur? within 5 years
11. Comments (include number and type of stock) 175 range cattle
12. Map of project required - Attach an 8½"x11" map clearly identifying the location of the instream stockwater use and the locations of the alternative point(s) of diversion and stock trough(s). A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.

I hereby assert the following:

- a) Diversion is from a surface water source to which the livestock would otherwise have access. The land where the watering tanks or troughs will be located is land from which the livestock had access to the source of water from which diversion is being made.
- b) The diversion of water out of the stream as described in this notice is for watering livestock and will not injure other water rights.
- c) I will not alter the bed and banks of the source as the term is defined in section 42-3802, Idaho Code. I understand that I may place an inlet conduit into the source in a manner that does not require excavation or obstruction of the stream channel, unless the director of the department of water resources approves a stream channel alteration permit for additional work.
- d) I understand that upon determination of interference with other water rights, the Director may order curtailment of diversion or use of water under this notice or may require the diversion and delivery system to be modified to prevent injury.
- e) I will not divert more than 13,000 gallons per day for livestock watering from this diversion, and I will not use more than one point of diversion under this notice.
- f) I am authorized to make the changes described in this notice and that if the notice involves a federal grazing allotment, the permittee consents to the changes described in this notice.
- g) I understand that any willful misrepresentation on this notice will void any right to divert water for livestock under this notice.

RE: Notice of Diversion for Instream Stockwater Use 43-13933

Dear Ms. Thorton:

The Department of Water Resources acknowledges receipt of the water right notice you submitted under Section 42-113(3), Idaho Code. Please refer to the above referenced number in all future correspondence regarding this notice. The filing of the notice does not confirm the validity of the water right. It will serve to record and preserve the information regarding the notice.

Please note that the diversion described in your notice may occur only if the following conditions are met.

- The water is diverted from a surface water source to a trough or tank through an enclosed water delivery system.
- The water delivery system is equipped with an automatic shutoff or flow control mechanism or includes a means for returning unused water to the surface water source through an enclosed delivery system, and the system is designed and constructed to allow the rate of diversion to be measured.
- The diversion is from a surface water source to which the livestock would otherwise have access and the watering tank or trough is located on land from which the livestock would have access to the surface water source from which the diversion is made.
- The diversion of water out of the stream in this manner does not injure other water rights.
- The use of the water diverted is for watering livestock.
- The bed and banks of the source shall not be altered as that term is defined in section 42-3802, Idaho Code, except that an inlet conduit may be placed into the source in a manner that does not require excavation or obstruction of the stream channel, unless additional work is approved by the Director of the Department of Water Resources.
- The amount of water diverted for watering of livestock shall not exceed thirteen thousand (13,000) gallons per day.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Enclosed is a copy of a proof report of the notice for your records. Please feel free to contact this office if you have any questions.

Sincerely,

Corey Skinner, PE
IDWR Southern Region Manager

Tyler,

Please see below. I received a kickback from M'Leah that she is no longer with the USFS, and that you are taking over for her. Can you confirm that you would be the one we send these notices to?

Thank You,

Christina Henman
