RE: Water Right No: 47-17431, Correction of point of diversion description

Dear Robert and Jana:

As a result of recent field visits and office investigations of water rights diverted from the unnamed stream downstream of the Mendini Tunnel north of Buhl, the Idaho Department of Water Resources (IDWR) has determined that the point of diversion (POD) map location and legal description of the above water right is displayed incorrectly. To remedy the situation, you may submit an Application for Transfer of Water Right – Point of Diversion (enclosed) form and \$50.00 to our office. The enclosed map shows both the incorrect map location and the actual correct location. I have also enclosed a water right report showing the POD located in the SWNENW, while the correct description should be NENW of Section 24, T09S, R14W.

If you have any questions regarding this matter, please contact me at (208) 293-9909.

Sincerely,

Jim Bitzenburg
Water Rights Supervisor
