Corey and Travis-

Travis is correct. The agreement contemplated will result in CSI's withdrawal of its protest regarding transfer application #83819 upon closing. It is taking time to address some decades-old reversionary interests on land that will be transferred as part of the agreement. CSI believes the issues will ultimately be successfully resolved.

Rob

Corey,

We have been working on an agreement and I expect that we will reach a final resolution within the next 30-60 days. The protested application is part of the package so stay tuned we will be sure and reach out to you once we have a final signed agreement.

Thanks

Travis

Subject: City of Twin Falls Transfer # 83819

Gentlemen,

I was wondering where things sit with the City of Twin Falls transfer application # 83819. It was protested by CSI apparently based on potential impacts to the college's water rights at the fish farm along Rock Creek just west of South Blue Lakes Blvd. I assume some of the recent land transactions between the city and the college that have been talked about in the press should resolve the CSI concerns. Any chance CSI will withdraw their protest?

Corey
