Greg-

Regarding the same transfer (moving the irrigation portion of right 37-8080 up north), could you send over a map (reference Transfer Processing Memo #24, page 11, #7) showing the four PODs that will be authorized for use by the irrigation portion as a result of the transfer? My assumption is that they will be the PODs currently authorized for use by the Friedman Memorial Airport rights.

Thanks,

Jim

Jim,

All of the PODs are existing, we are not constructing new PODs or adding new diversion points. That is why I checked change PODs. We just need to get these transfers wrapped up as simple and as clean as we can. I do not want to chase down another signature.

Greg-

I'm finally working on the Eccles transfer package and the one I'm on now is transfer #87658 which moves the irrigation portion of right 37-8080 up north. Under 'Purpose of Transfer' you have 'Change Point of Diversion' and 'Change Place of Use' checked and I was wondering if we should also have 'Add Diversion Points' checked because the irrigation portion moving will have 4 PODs after the transfer. Let me know what you think.

TRANSFER SYNOPSIS

Date: November 20, 2023
To: Transfer #87658, Eccles Window Rock Ranch, LLC file
From: Jim Bitzenburg
Re: Summary of transfer

Application for transfer proposes to change the place of use (POU), the point of diversion (POD), and add PODs to the irrigation portion (0.02 cfs, 3.0 AF, 1.0 acre) of ground water right 37-8080 (irrigation and domestic, 0.06 cfs, 3.6 AF, 1.0 acre). Currently, the transferring portion irrigates 1.0 acre located approximately 0.9 mile south and 0.3 mile west of the intersection of State Highway 75 and Gannett Road in Bellevue. Post transfer, the 1.0 acre irrigation POU will be located approximately 1.5 miles north and 0.9 mile west of Bellevue. The POD will change from a single well located within the current POU to four existing wells located approximately 0.5 to 1.9 miles northwest of the proposed POU.

The transfer is in Water District 37 so Watermaster comments will be solicited. The transfer will be advertised and subject to protest.

This transfer is a companion to transfers 87653, 87657, 87659, and 87660, which propose moving rights and portions of rights from land south of Bellevue to land north of Bellevue and moving other rights from the land north of Bellevue back to the south.

Consent agreements allowing water rights to be transferred off of and on to the properties were signed by all parties involved in the water right ownership changes leading up to this transfer and are included in the transfer documents.

Greg-

I'm doing some basic data entry on the group of 4 transfers which you submitted on behalf of Eccles Window Rock Ranch, LLC, and there is a discrepancy between the address on the transfers (PO Box 3028, Salt Lake City, UT 84110) and the address in our system (79 S Main St FL 2, Salt Lake City, UT 84111-1929). Do you want to change the address in our system to the PO Box 3028 address, or stick with the address that is already in the system? Thanks,
