10. Do you own the property listed above as place of use? Yes

If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

In the southeast corner across the river, in the NWSW, SWSW, SESW and NESW of section 21 we have Border irrigation water that also irrigates those acres.

12. Remarks:

Priority Date Explanation:

This is the date claimed on the statutory claim, see the affidavit provided. The equipment in the well and for the area also dates back to the 1960's. We have continued the use since we purchased the property in 2000 when my Dad bought it. The property was transferred to me in 2012. Water is used for both flood and sprinkler irrigation. Pipes take the water from the well throughout the property. To get up hill, HTEP pipe is used along with a riser system. For the land across the river, polypipe is used to take the water across the river for irrigation.
