Hi David and Lisa,

Again, my apologies for any confusion and frustration this application process may have caused. Please see the attached form where I have included a correct place of use legal description that mimics 67-4173 directly. You can either make the changes to the original application and initial and date next to the changes, or you can attach page 2 of the application I have sent you today to the back of the original application, but right on the original application "see attached changes." Also, be sure to sign and date the page that shows the changes.

You can mail the application or email a pdf copy of the application with the attached changes to file@idwr.idaho.gov and feel free to Cc me on that email. I will ensure the application is put back with the processing agent.

Feel free to call me directly with any questions about the attached document.
