Subject: RE: Water Share Question

Greg,

Attached is the letter from the A&B Irrigation District stating that no A&B water is appurtenant to nor being delivered to the property.

Thanks Greg, and please let me know if you need anything else from us.

Greg,

I followed up with A&B Irrigation District today concerning the letter. The person that was to write the letter has been out sick this week and they told me that would get it for us the first part of next week.

I just wanted you to know that I had not forgotten it.

Thanks Greg,
Brent

Subject: Water Share Question

Brent,

IDWR is processing our transfer and had a question about the location of A&B Irrigation District shares on the farm we are transferring the water from. I believe I talked to Duane about this several months ago and he sent me a map that identifies the west side of the small farm outside of the A&B service area and the east side of the farm inside the service area. However, I think the map indicates that no shares are applicable to this farm.

IDWR is requiring a letter or statement from A&B Irrigation District that states that no canal shares are located on this farm. Can you contact A&B Irrigation and have them write that letter on there letterhead?

Thanks,

Greg Sullivan

Re: Grant 4D Properties LLC

Dear Mr. Skinner:

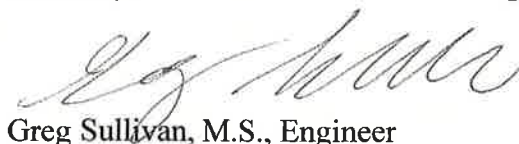

Grant 4D Properties LLC desires to transfer 23.9 acres into a new 93.0 acre permissible place of use. The ownership, beneficial use and period of use of the 23.9 acres will not be changing at this time. There is an existing well in which the water will be diverted.

See the attached contract of agreement regarding the ownership of the property that the 93.0 acre permissible place of use will be established.

ESPA Model analysis of the transfer calculated that no mitigation is required for this transfer.

Please contact me if you have any questions.

Sincerely,

Greg Sullivan, M.S., Engineer
