Subject: Request for refund of fees

Good Afternoon-

On April 10, 2023, our office received a group of water right transfer applications for several farms in the Eastern Magic Valley area. We processed and advertised two of the transfers, and, at that point, the representative contacted our office and asked that all processing of the applications cease. On June 17 of this year, we received *Withdrawal of Application for Transfer of Water Right* forms for all the applications, and requests for refunds of the fees. We cannot refund the fees for the two applications that were advertised, but can for the others. The two that were advertised were: Transfer #87808 (right 36-16554), \$500.00 fee, and Transfer #87825 (rights 36-7193 and 36-2123), \$500.00 fee.

The total fee paid was \$6240.00 and the non-refundable portion was \$1000.00, so a refund of \$5240.00 is due to Brockway Engineering, PLLC of Twin Falls. They paid the fees with check #17397 and the IDWR receipt was S039735. Their address is:

Greg-

In the SSJ, etc transfers, it looks like the POU descriptions in the transfers involving the 1257.0 acre PPU shows 19 acres in 07S, 25E, Section 5, in the NWNE instead of the NENW (see attached). Let me know what you think and shoot me corrected pages if you concur. Thanks,

Jim

Re: 36-7934 and 36-2124

Dear Mr. Skinner:

Joseph Kearn, Melynda Kearn and SSJ Farms LLC desire to transfer 134.0 acres of water rights 36-7934 and 134.0 acres of water right 36-2124. The two transfers will offset each other and the 134.0 acres of irrigation that is being moved will be back filled by the other 134.0 acres of irrigation water. The water right ownership of these water right portion will be updated after the transfers are approved.

The irrigation place of use and points of diversion will need to be updated with these transfers.

The water right ownership, beneficial use and period of use will not be changing. The ESPA Model analysis of these transfers indicate that no mitigation is required.

Please contact me if you have any questions.

Sincerely,

Greg Sullivan, M.S., Engineer
