12. Remarks:

Priority Date Explanation:

SEE LICENSE AND TRANSFER DOCUMENTS FOR SUPPORTING EVIDENCE OF PRIORITY DATE.

After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

This right is limited to the irrigation of 156.1 acres within the authorized place of use in a single irrigation season.

Rights 11-7772, 11-7007 and 11-2119 are limited to the irrigation of a specific 330.6 acres within the 371 acre place of use authorized by this right in a single irrigation season. The specific 330.6 acres to be irrigated by the right holder are shown in the electronic shape file associated with these rights in the geographic information system component of the water rights database maintained by the department. Before changing the 330.6 acres to be irrigated within the 371 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
