Dear Brian:

Sorry for my oversight. Yes, the new proposed well is in the NENW of Section 6, T12S R27E. If you could add those to the application it would be greatly appreciated.

Remington,

I'm working on the POD transfer you submitted to Southern Region, and the quarter-quarters aren't listed on the application for the proposed new well. If you can verify that the NENW of Sec. 6, 12S 27E as indicated on the map are correct, I can go ahead and add the quarter-quarter location to the application.

Thanks,

Bill Mills

Re: Application for Transfer to Add a Point of Diversion

Mr. Skinner,

Attached is an Application for Transfer requesting authorization to add a new point of diversion to J.R. Simplot Company (Simplot) ground water rights 43-2378, 2484, 2522, 10426, 2547, 2548 and 10426. These six rights authorize a combined diversion of 21.18 cfs and 4,584 af from five wells for the irrigation of 1,1146 acres of Company farmland in Cassia County.

The Company requests an authorization to add a new well to our rights. We anticipate requiring a maximum diversion rate of 8.02 cfs from the well and thus propose a transfer application fee of \$1,140. We are trying to schedule drilling of the new well in September 2024 and would appreciate notice from your office as soon as it is permissible to commence drilling.

Please contact me if you have any questions about this application.

Remington Buyer
