Re: Change in Ownership for Water Right No(s): 15-7366, 15-7193, 15-7393, 15-7127

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Please note the department could not complete the ownership change for water right 15-7393, there is a portion of that water right covered by another property owner. The department has notified you of the discrepancy but has not received additional information. The department would suggest filing a claim for that water right showing how the water right is currently being used in order to clear up any issues. Because the department did not complete the ownership change for that water right number you are entitled to a partial refund. The department has initiated the refund and should arrive from the state office in a couple of weeks.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 497-3787.

Sincerely,

Jonie Baily

RE: Change in Ownership Water Right No. 15-7366, 15-7193, 15-7393, 15-7127

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** This application was forwarded to the Preston office, however it is back in Eastern. According to the letter dated January 18, 2023 we were waiting for some additional information required for a couple of the water rights, however you submitted one of the additional documents required so we are only concerned about the water right that covers property owner by TSA Edwards LLC. We have discussed these issues with you and according to the notes on file we are waiting for a release from the property owner. Please inform the department how to proceed with this application.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

RE: Change in Ownership Water Right No. 15-7366, 15-7193, 15-7393, 15-7127

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** According to the notes on the file, you worked with Brian Normandeau to complete this application, however there was at least one deed you were aware you missing. The application was received on December 2, 2022, and we still have not received additional information. I went ahead and completed a review for this application. It appears we need additional evidence of ownership or a split filing fee. Please review the maps attached the property in question. If you believe own the property please supply a copy of the deed if you believe a split is required please supply an additional filing fee. There are 2 water rights in question. If a split is required, an additional \$75.00 *per water right* is required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,
