Hi Logan,

As I mentioned in my voicemail here is a copy of the application you can use to amend. Draw a single line through anything that needs to be changed then write in next to it, also include your initials and the date. That can be sent to file@idwr.idaho.gov (cc me in the message) and they will get it copied to the file for me. Also you are welcome to swing by the office to make changes if preferred.

Let me know if you have any questions or there was something else I could help with.

Thanks,
