RE: Application for Permit No. 63-35607

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the PRESS TRIBUNE on 10/3/2024 and 10/10/2024. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Marina Bozdog

Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on July 29, 2024. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- **4 – Point of Diversion(s)** – You have not provided the complete description for the location of the point of diversion. When creating a map for your application on the IDWR website (<https://maps.idwr.idaho.gov/agol/ApplyingforaWaterRight/>), you can select the layer to view the Public Land Survey (PLSS). This layer will show the respective township, range, section, quarter and quarter-quarter for the point of diversion location. The coordinates for the township and range should include a direction: N, E, S, or W with the number. The Township is located on the y-axis on the map and is denoted by a number and N or S (e.g. 5N), and the Range is on the x-axis and is denoted by a number and W or E (e.g. 5W). Please include the correct point of diversion PLS location as shown on the map.
- **7 – Description of the Diverting Works** – Please complete item #7a and describe the type/size of devices used to divert water from the source.
- **9 – Place of Use** – Please complete the place of use description.
- **11 – Ownership** – Please answer item 11a, 11b, and 11c regarding ownership of the properties at the point of diversion and place of use.
- **13 – Time** – Indicate the amount of time required for the completion of works and application of water to proposed beneficial use.
- **14 – Map** – Please use our GIS map provided on our website (link: <https://maps.idwr.idaho.gov/agol/ApplyingforaWaterRight/>) to create and submit a map showing the township, range, section, quarter, and quarter quarter of the parcel of land where the point of diversion and place of use are located, and clearly identify where the proposed point of diversion and the place(s) of use are.
- **Fee** – Please mail in your permit application fee payment of \$100.00. The application fee is determined based on the flow rate (cfs) that you are requesting. For 0 to 0.2 cfs, the filing fee is \$100.00. If submitting a check, the payment should be made out to IDWR.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit together with payment of the fee within the next thirty (30) days. If

IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

Sincerely,

Western Region Water Rights Staff
