2023 Bear River Adjudication
Southfield Ditch and Canal CO
August 2023

The Court Drcree, dated 29 July 1932, NOW THEREFORE, IT IS HEREBY ORDERED, ADJUDICATED AND DECREED AS FOLLOWS, TO WIT, II (h), The “irrigation season” herein referred to shall be that portion of the calendar beginning on the first day of May and closing on the 15th day of September of each year.

This needs to be extended to the 31 of October each year for the following reasons:

1. With the moderation of the climate, our crops are still growing well into October and need water to continue to grow.
2. At the end of the season the ground water in our fields needs to be replenished for survival of the vegetation and to give the plants an early start in the spring for the next crop season.
