Re: Application for transfer #85747 for water right 2-10201

Dear Mr. & Ms. Unruh,

On January 24, 2022, the Idaho Department of Water Resources (Department) received your application for transfer, #85747, to change the place of use and point of diversion for water right 2-10201. This transfer was subsequently protested. On May 27, 2022, the Department received a second application for transfer, #86656, to only change the place of use for water right 2-10201. It appears that your intent is to withdraw transfer #85747 and proceed with transfer #86656. However, to continue the transfer approval process for #86656, it is necessary to withdraw transfer #85747. I've enclosed a withdrawal form for your convenience.

Please sign and return the enclosed form to withdraw the original transfer application. Also, please make sure that both of you sign the withdrawal, since the original application was filed in both of your names.

Please submit the requested information within the next **thirty (30) days** to continue processing your application. You may seek additional time to provide the information by making a written request to interrupt processing for up to six months.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please reply to this email or contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.

Respectfully,

Allen Bradbury
