WATER RESOURCES

Hello,

I have been working with Susan Hobson and Lynn to complete two different change in ownership applications. On Lynn's advice, I am submitting new paperwork for the two parcels attached here, including quit claim deeds, warranty deeds and purchase closing statements to establish the chain of ownership of these parcels. They were originally purchased by an LLC that we dissolved after recording the quit claim deeds. The parcels (and water rights) were purchased by Kittyhawk Ventures, LLC, and ownership of both was transferred to Twin Pine Station.

Hopefully I have completed the paperwork properly and provided the needed supporting documentation.

Please let me know if not.
Sincerely,

Holly Mortimer

Dear Water Right Holder:

The Department of Water Resources (Department) acknowledges receipt of correspondence changing ownership of the above-referenced water rights to you. The Department has modified its records and has enclosed computer-generated reports for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website, idwr.idaho.gov.

If you have any questions concerning the enclosed information, please contact me at 208-605-4631.

Sincerely,

Susan E Hobson
