Rob,

Earlier this month, the US Forest Service withdrew its protest against the amendment to Permit 75-13989. We can now issue a final license for the water right. As I was preparing the license, I noticed that the property along Indian Creek is no longer held by William and Janice Shively. Lemhi County shows that you are the current owner of the property.

I think we should issue the water right license in your name because you are the current owner of the property. To do so, however, you need to first update the ownership for Permit 75-13989. Attached is the form used to update ownership of a water right. Please complete the form and mail it to or drop it off at our Idaho Falls office. Please include a copy of the deed, conveying the property from Janice to you. The filing fee for the ownership change will be \$25. Feel free to call me if you have any questions.
