

MEMORANDUM

July 11, 2024

Water Right: 57-10925

Author: nmiller

Subject: Place of Use

Dan Turner came into the office today and wanted to make a small adjustment to the acres in the POU in the SENE of Section 36 to accommodate a smaller pivot and keep irrigation in the SW corner of that QQ. I kept the total acres within the WR amount in that QQ so no transfer is needed.
