THIS IS NOTHING MORE THAN MY COMMENTS
& OPINIONS.

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

QUANTITY

2. Describe the changes you wish to make in the proposed recommendation:

I would propose A HARD LIMIT ON HOW LOW ALLOCMENTS CAN BE CUT DOWN TO. ITS BAD enough you guys won't let our farmers HAVE THE WATER THEY need, no doubt so your buddies in china can by farms up cheap in a new

3. Give a brief explanation as to why you disagree with these portions:

DUST BOWL type circumstance for pennies on the dollar.
THIS YEAR 13000 a day to next year 1300 a day & 130 after that?
WE KNOW THE STATE'S ULTIMATE GOAL IS SEIZURE OF ALL WATER RIGHTS.
OUR WELL IS ARTESIAN, STATIC LEVEL HAS NEVER DROPPED. WE MIGHT USE 1K OR 10K GALLONS A DAY, BUT WE MUST KEEP EVERYTHING GREEN & FIRE DANGER DOWN.

* ☒ I AGREE with this proposed recommendation: no changes need to be made.

IF THE STATE PLANS TO KEEP CUTTING WATER RIGHTS, IT NEEDS
to consider COMPENSATING people who drilled their own wells.
