1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

using the word diversion seems inappropriate
we have our own well, and don't divert water anywhere

2. Describe the changes you wish to make in the proposed recommendation:

use a different word than diversion
should be for our home, our rv, and irrigation for lawn

3. Give a brief explanation as to why you disagree with these portions:

Diverting water is not something we do. we had the
chilly drill straight down and it has disturbed no
water

☐ I AGREE with this proposed recommendation: no changes need to be made.
