1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

quantity

2. Describe the changes you wish to make in the proposed recommendation:

per ag guidance, irrigation of a field for grazing is 800,000-1 million gal (per acre)

3. Give a brief explanation as to why you disagree with these portions:

the rights allotted to us I believe total 2,340,000 gal per 6 mos. We would like the ag recs to be followed, so an allocation of at least .07 cfs, to meet the 8m gallon rec.☐ I AGREE with this proposed recommendation: no changes need to be made.DATE: 8-20-2024SIGNATURE: Linda HeissPlease print your name: Linda Heiss
