10. Do you own the property listed above as place of use? Yes

If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

NONE.

12. Remarks:

Priority Date Explanation:

This is the licensed priority date and use continues today. The original license was for 0.8 cfs, I am claiming 8.0 cfs because this is what we are currently using and this 8.0 cfs has been used this way with the previous owners, including Bob Condie, going back to the licensed priority date of 1952.

The Place of Use has changed over the years with the improvement of piping the water and wheel lines. The actual irrigated acres has not changed since the license. The Place of use boundary is 568 acres and within that are the actual irrigated acres are 335.

The Point of Diversions have been moved to accurately illustrate the locations.

SOURCES ARE SPRINGS & UNNAMED STREAM, TRIB TO BATTLE CK.
