①

Frederick Daniel Olsen

I Frederick Daniel Olsen was born May 9 - 1877 in Scipio, Millard County, Utah. as son of John Peter Olsen and Maren Peterson. I was the fifth child in a family of six. I had three brothers and 3 sisters. One brother and two sisters died in childhood.

We lived in a two room adobe house ran barefoot. and wore many clothes that my grandmother wove the cloth to make.

My mother died 11 Nov 1879 of typhoid fever leaving us three children to be cared for by my grandmother. I was $2\frac{1}{2}$ yrs old at the time.

My father sent me out with a man out on the Utah Desert to herd sheep when I was 9 yrs old. I had no foot wear except a pr of leather shoes. Many nights I slept out in the rain. These were very hard years for a boy.

I stayed and worked with the sheep from this time until 8 yrs after I was married. When I was 18 yrs old I leased a herd of sheep and worked with them till I owned a herd of 3000 head.

I met a girl by the name of Mary Albertina Koford from Levon Juab County, Utah. I courted this young lady for 7 years. I wrote to her once a month and would get to see her about twice a year. Our Parents were friends and visited with each

② I saved my money and when I was married June 7. 1899 in the Manti Temple in Manti Utah.

I built and payed for a 7 room Brick Home in in Lupton. It was in this home that Leah, Eileen, Art and Edna were Born.

~~#~~ One year I headed sheep I got \$10.00 per month. I come home for the 4 of July and gave my dad my check. I wanted a new hat - But my dad only gave me 25¢ of the check.

I loved to hunt and while out ~~at~~ with the sheep learned to be a real good shot with a rifle I could stand 300 yds away and shoot the hat from my bosses hand. I killed my first deer when I was 15 yrs old.

I was 14 years of age and my brother Saper was 20 when ~~my~~ my dad left us to run the farm and care for the family while he went on a mission to Denmark. We had a barn full of hay, and gave him the key to a grainery full of wheat when he came home. Not long after we ask him for a sack of wheat to sell and he refused us.

I really loved and always appreciated my sister Amanda. I always took her part and was real good to her. She was only a yr and 7 months younger than I so we were always together.

I remember when my wife and I were married we drove to Manti in a little Black topped buggy and returned to Lupton for a Big Wedding Reception that evening. They

I served a full course meal to around three hundred and fifty guests - My bride greeted her guests in a Beautiful white ~~stater~~ satin wedding gown - We had a dance that evening and my father in law served 7 yr old grape wine to the guests so we danced most of the night and really had a ball!

During the year 1903 while out on the desert with the sheep I had the misfortune ^{to tip} ~~to tip~~ ^{off} my wagon over and throwing my hip out of place. I had to ~~wait~~ ^{wait} 36 hr before I could get help from a Dr. - The leg swelled till it ~~of~~ broke the sticks in my overalls.

I finally got the leg set and went on crutches the next day to ^{Laramie} sell my wool - I went home to scipio with \$900.00 in my pocket stayed two weeks and went back with the sheep. I stayed with the sheep for 8 yrs and then leased my herd.

I sold my sheep in 1913 and moved to Clifton Idaho - I left scipio because of the poor water. I offered them \$200.00 to help put in a water system but there were not enough people interested in it. I always took a lot of Pride in my home and surroundings and many people hated to see me leave scipio.

~~I have always been good at.~~

4) and never had a man work for me that I couldn't get to come back.

I built a new Brick home in Clifton Idaho and here my other three children were born Mildred Reed and Laurel. Here I tried farming but as I always liked to work with the sheep - I soon built up another herd of around 500 ewes. And always tried to keep about that many.

I moved my family up the Clifton Canyon in March 1924. I fixed up a small home on the place and where we lived for 2 yrs. I then built a 4 room frame home there. I drew the plans for my home and contracted it to be built at a cost of \$2500. in 1926. in the Logan L.D. S. Hospital

I was operated on the 14 of Dec 1925 for appendicitis. A few days later the incision broke open and I also contracted either pneumonia. I became so ill that they thought I was dying and sent for my family.

My family had the President of the Logan Temple come and administer to me and throw their faith and mine the healing Powers of

³¹ May Heavenly Father. I gradually gained my health back. After spending 3 weeks in the hospital they let me go home. I was never out of bed too much till the following June.

Then I decided I could go out and drive for a load of hay one evening and fell from the load and broke five ribs and threw my knee out of place. I was a long time in regaining my health and for 6 yrs after I spent every winter in bed. And the infection in my lungs never ever fully cleared up.

In Sept 1939 I became ill again. I went to the Dr and he told me I ~~was~~ had Water Diabetes and probably would never be well again.

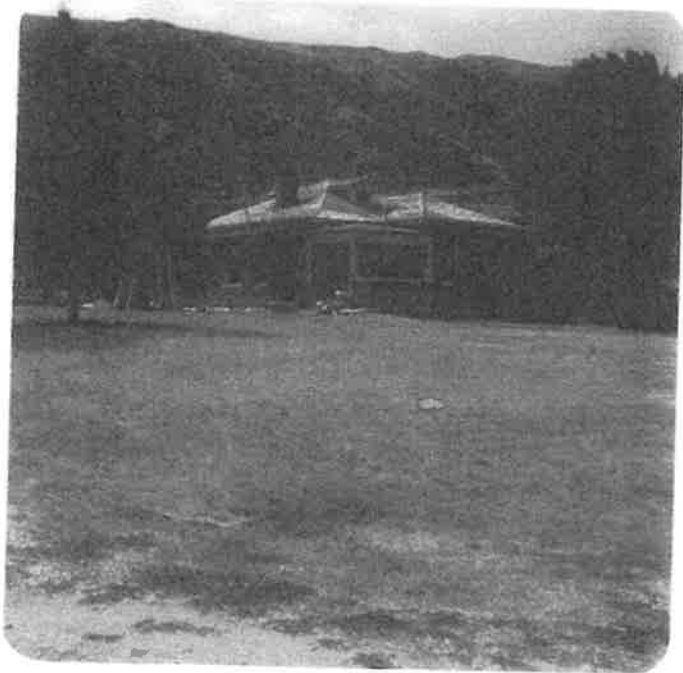

(Daddy was bedfast 9 weeks from this illness and suffered terribly. He died Nov 13, 1939 about 10 PM at home. His funeral was held Nov 14-1939 in the Clifton Ward Chapel and he was buried in the Clifton Cemetery.)
