Subject: Clarification on Location of Well in Claim Number 69576

Good afternoon Mr. Tank,

The Department of Water Resources has received and begun processing your claim (Case number 69576, Identification number 97-9079). We would like to reach out to you for some clarification on the location of the well used as the point of diversion in your claim and to confirm with you if we have the place of use correctly demarcated. Could you please reference the attached map and confirm its accuracy? If the map contains any discrepancies, could you please denote on the map the proper location and boundaries of your point of diversion and place of use?

Thank you for your assistance,
-Jacob Caraig
