Yes, the cisterns are the diversions from the creek. The pond is part of the system.

Hi there, Sandra. Thanks for reaching out. Here are some screenshots of the locations of the two irrigation cisterns, along with the irrigation sites. The red marker indicates the irrigation areas. The blue pins mark the cisterns. I've included multiple zoom distances of the cistern locations for accuracy.

If you need any more information, please let me know.

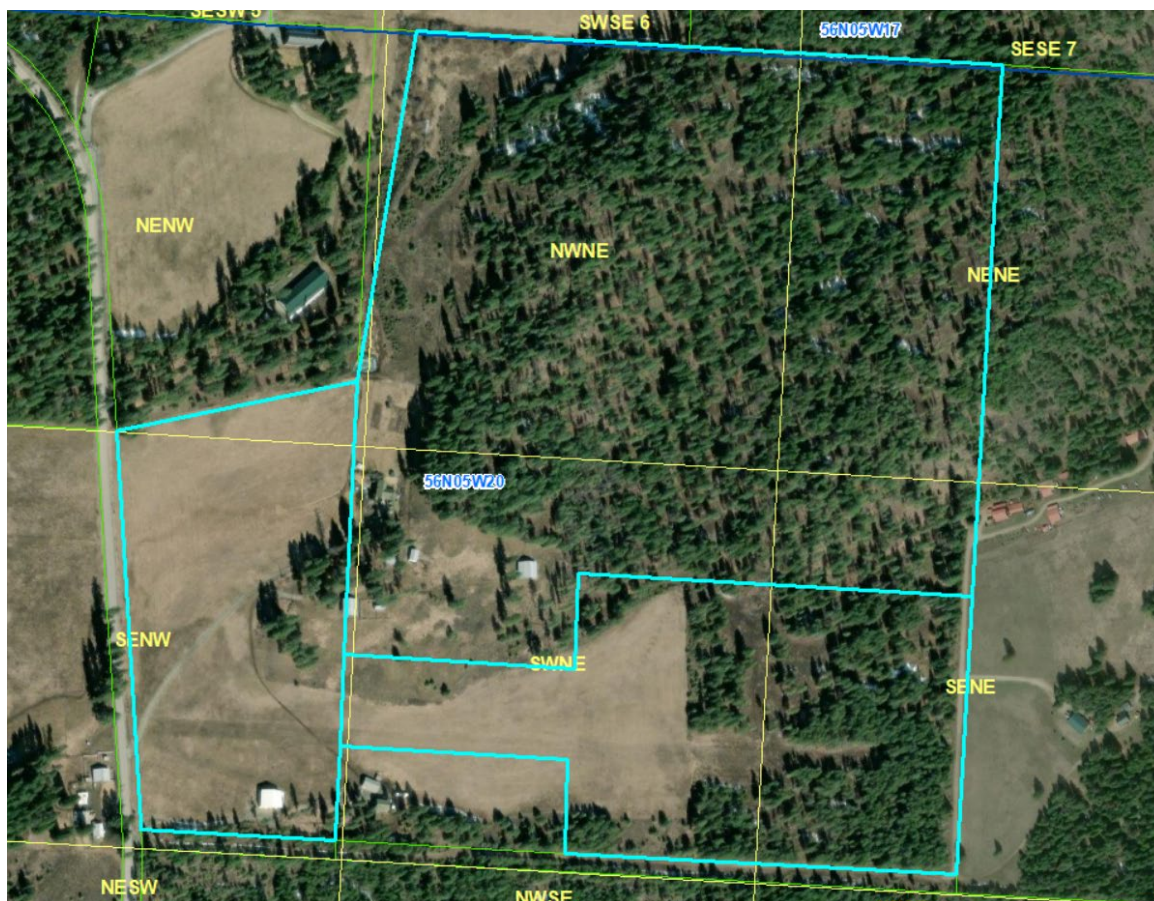

Thank you,

Joshua Yates
