Shares out of Last Chance Canal.

12. Remarks:

Priority Date Explanation:

This is the date given with the license. This water right was originally shared with us and Matthews LLC. After reviewing the Department of Water Resources documents on this water right it appears that Matthews LLC split the water right and put the part they own in their name. However, the current record shows their place of use on our land. We have claimed our portion of the water right and marked our place of use on our land based on our current and historical use. We expect that Matthews LLC will correct the records for their portion of this water right.
