Hello again, My apologies for a second email. You claimed 1 acre of irrigation. Our records show your parcel is 5 acers. Would please identify the area you irrigate?

Good Morning, I am working toward recommending your water right claim 97-7265A (see attached). The parcel highlighted on the map below shows what I understand to be your water right place of use. Can you please use the map to show where you divert water from the spring? If the location labeled below is incorrect would you please identify the correct location? According to Bonner County parcel records Brian Seymour owns the parcel at the spring. Is this correct?
