 - 6. The itemized budget for Water District 140 for the fiscal year 2023 beginning March 1, 2023 and ending on February 29, 2023, be as follows: Five Thousand Dollars (\$2,500) for legal and accounting fees, Two Hundred Twenty Dollars (\$220) for Idaho Water User's membership dues, One Thousand dollars (\$1,000) for travel expenses and conference registration fees associated with Idaho Water User's meetings, Twenty-Nine Thousand Two Hundred Fifty Dollars (\$29,250) for Watermaster Duties, and Fifty-Three Thousand Forty Dollars (\$53,040) for measuring and reporting of diversions that are required to be measured and reported pursuant to an order of the Director of IDWR and that are not reporting to a sub-district.

In accordance with Idaho Code § 42-618, the Watermaster of Water District 140 is hereby authorized to collect the assessments of the Water District directly from the water users or from the subdistricts. The Watermaster will make an assessment to each individual water user, or, in aggregate to each subdistrict, in pro-rata amounts as determined by the budget which is formally adopted at the annual meeting. All funds shall be deposited in a separate bank account maintained by the Water District.
 - 9. Given that the water district cost for administering water for many water users is greater than their normal assessments would be based upon their total annual use of water, it is resolved that the watermaster of Water District 140 is authorized to assess a \$25 minimum charge for watermaster services for water users within his or her jurisdiction.
 - 10. The watermaster shall prepare assessments for the 2023 budget after the water users present at the 2023 annual meeting have formally adopted the budget. The advisory committee recommends that the 2023 assessments be due to Water District 140 on or before April 15, 2023 so that there will be sufficient funds early enough in the year to accommodate the expenses of the water district.
 - 11. All payments for assessments not received by May 1, 2023 shall accrue penalties in the amount of 10% of the charge plus interest in the amount of 1% per month, with a minimum of \$20, as provided pursuant to Idaho Code Section 42-617.

 - 3 non-irrigation ground water users (1 from municipal, 1 from industrial, 1 from dairies);
 - 2 Basin 45 ground water irrigators not in Southwest or Goose Creek Irrigation Districts or Magic Valley Ground Water District.

Each group represented may also select an alternate for each seat. Candidates will be voted on at caucus during the annual meeting. The advisory committee will meet as often as needed to address the structure, governance and operation of the district. Decisions or recommendations of the advisory committee must be made with at least 50% of advisory members present in favor

14. The Water District No. 140 annual meeting shall hereafter be held on the first Thursday of February of each year unless the Director of IDWR should find it necessary to change the meeting date or unless changed by future resolution of the District at any annual meeting. An agenda for the annual meeting shall be prepared 14 days prior to the annual meeting by the advisory committee and posted to the IDWR water district web site. Copies shall be mailed to all advisory committee members.
15. Copies of the Minutes of the annual meeting, all approved resolutions, and any report prepared in accordance with Idaho Code 42-615, shall be filed with the Director of the IDWR in accordance with Idaho Code 42-617.

19. Water District 140 includes one or more water districts, ground water districts, irrigation districts, municipalities, or other geographical areas where the source of water or nature of water use is common among water right owners and users. Since water districts and irrigation districts may already be measuring and reporting diversions on their own, and in order to promote efficiency in the administration of water rights and water management, the Director of IDWR, working with the members of the water district through an advisory or steering committee, may provide for sub-districts as he finds appropriate. The director therefore recognizes and provides the following sub-districts:
- Magic Valley Ground Water District (B45 portion)
 - Southwest Irrigation District
 - Goose Creek Irrigation District
 - City of Burley
21. In order to provide greater representation for ground water users in the district, Water District 140 will participate in Idaho Water Users Association and provide budgeted funds for annual membership dues and travel funds for one (1) representative to attend the Idaho Water User's annual convention and other associated meetings.
