12. Remarks:

Priority Date Explanation:

This is the date given on the license. This use continues to this day.

Diversion of waste water under this right is from the Upper Canal, which has been abandoned by Cub River Irrigation Company. This right is subject to any senior water right for the use of waste water from the Upper Canal claimed by Cub River Irrigation Company and decreed in a future adjudication.

Rights 13-7025B and 13-7925 when combined shall not exceed a total diversion rate of 0.35 cfs, a total annual maximum diversion volume of 66.5 af at the field headgate, and the irrigation of 19 acres.

Lockable controlling works of a type acceptable to IDWR shall be permanently installed and maintained as part of the diverting works.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.

This right does not grant any right-of-way or easement across the land of another.

The waste water diverted under this right is subject to the right of the original appropriators, in good faith and in compliance with state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place of use or manner of wasting it, or to recapture it.
