| 1.  | X27 | This right is limited to the irrigation of 13.8 acres within the place of use described above in a single irrigation season.                                                                                                                                                                                                                                                                                                            |
| 2.  | R64 | This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.                                                                                                                                                                                                                                                     |
| 3.  | R05 | Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.                                                                                                                                                                                  |
| 4.  | 115 | Prior to the diversion and use of water under Transfer approval 73518, the right holder shall install and maintain acceptable measuring device(s), including data logger(s), at the authorized point of diversion, in accordance with Department specifications.                                                                                                                                                                        |
| 5.  | R02 | A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.                                                                                                                                                                                                                                                 |
| 6.  | X61 | The period of use for the irrigation described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 11/01 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than December 11, 2002. |
| 7.  | 046 | Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.                                                                                                                                                                                                                                                                                 |
| 8.  | T07 | The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.                                                                                                                                                                                                                                                                                                              |
| 9.  | T08 | Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.                                                                                                                                                                                                                                                                                               |
| 10. | T19 | Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.                                                                                              |
