If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

None.

12. Remarks:

Priority Date Explanation:

This is the date from the decree.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

Approval of this transfer does not confirm the extent of the right which has been used through the years and does not preclude the opportunity for review of the validity of the water right in a subsequent adjudication.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.5 afa per acre for irrigation of the lands above.

Approval of this transfer in no way grants any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Use of water under this water right will be regulated by the watermaster of State Water District No. & DISTRICT.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
