Right Acre Limit: 10.00
POU Total Acres: 32.3

Conditions of Approval:

1. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 45-F.
2. 01Q After specific notification by the Department, the right holder shall record the quantity of water diverted or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall

Proof Report

- annually report the information to the Department.
3. X27 This right is limited to the irrigation of 10 acres within the authorized place of use in a single irrigation season.
 4. X35 Rights 45-14559 and 45-14560 when combined shall not exceed the irrigation of 10 acres.
 5. S47 The use of water for irrigation under this right may begin as early as March 15 provided other elements of the right are not exceeded. The use of water before April 1 under this remark is subordinate to all water rights having no subordinated early irrigation use and a priority date earlier than the date a partial decree is entered for this right.
 6. R43 The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
 7. T07 The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
 8. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
 9. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
