10. Do you own the property listed above as place of use? Yes

If your answer is no, describe in remarks below the authority you have to claim this water right.

11. Other Water Rights Used:

Irrigation shares from Georgetown Irrigation Company are also used to irrigate the same acres/same ground as the springs.

12. Remarks:

Priority Date Explanation:

The property has always been in the family since we homesteaded the place. This is the earliest date that this irrigation system and stock water use would have been established. My grandfather submitted a statutory claim and claimed May 20, 1915, but we believe that date is the day his dad took over the farm, not the day the water was first put to use. The water would have been used for irrigation and stock water back when the place was homesteaded to prove up on the homestead. For this reason we've claimed the date of the homestead and not the statutory claim.

13. Basis of Claim: Statutory Claim
