Attached is the proof due notice that went out in the mail Friday, September 29, 2023. On permit 95-17621, Roxanne Brown is listed as the consultant. I am sending it you in the hopes that if HDR/SPF still represents the company you will get this to the right person. Beneficial Use forms can be found on our website, www.idwr.idaho.gov. Please let me know if you have any questions.
