BRBA Claim

My father purchased the land relevant to claim 11-8317. When he purchased it in 1964, the land was being used for flood irrigation and he continued that use. Once I acquired ownership of the property in approximately 2003, I continued the flood irrigation. To the best of my family's knowledge, the flood irrigation began back in 1864 based on prior documentation that I will make available. The flood irrigation has been from the system described to the best of my knowledge for approximately 4.8 acres. This written statement is exclusively for my claim 11-8317, and no other claim.

A handwritten signature in blue ink, appearing to read "Shane Roberts", with a long horizontal flourish extending to the right.
