Hi Dale,

The 5-year development period for you ground water and Snake River water permits approved for your dairy expansion are soon to expire. Please print and sign the attached forms and mail to **Idaho Department of Water Resources, PO Box 83720, Boise ID, 83720-0098 with a check made out to IDWR for \$300 (\$150/permit)**. The Department will then notify you to conduct the licensing field exams, which should be straight forward since they will involve existing systems. You can request an additional 5 years, but it sounds like you have completed the dairy expansion as proposed. The permits allowed you to add 3200 milkers and 1800 replacements to your existing dairy with water right coverage for only 4500 milkers and 3000 replacements. Please let me know if you have questions.
