Re: Change in Ownership for Water Right No(s): 21-13004 & 21-13007

Dear Water Right Holder(s):

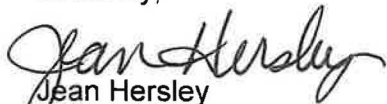

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist 2

Subject: RE: Change in Water Rights' Ownership 21-13004 and 21-13007

There was nothing missing, and no additional information is needed. The ownership change is in the queue and will be processed in sequential order. We have been involved in a large project for the last 4.5 months and all processes were slowed down. I am hoping in the next month to be caught up. You are able to use the water as it is appurtenant to the land. The water right does not have to be in the name of Yellowstone Ridge LLC to use the water.
