1 csaxton 5/24/2005 Claimant

Claimant contact is not up to date. Contractor Roger Meyer tried to locate the new owner and could not. I called Washington Co assessors and game them the parcel # from the tax lot data available on GIS. The representative from the assessors office said the parcel # we have is not in their database. I cannot track them down using the physical address because they must have used a mailing address because it is in Boise. Recommend under current claimant name.
