WATER RESOURCES  
WESTERN REGION

To whom it may concern;

The 2023 water year was an exceptionally abundant water year for the users on Little Canyon Creek (WD61D). The snowpack was sufficient enough to fill both Morrow Reservoir and the Blair Trail Reservoir while also spilling a substantial amount of water down the creek in peak runoff. The mild temperatures prolonged the snowpack allowing users to irrigate into mid to late June. Below is a list of property owners/users that used water from Little Canyon Creek in 2023.

Paul Batruel - Morrow Reservoir (Storage and Irrigation)  
Trail Family LLP - Blair Trail Reservoir (Storage and Irrigation)  
Desert View Ranches - Blair Trail Reservoir (Storage and Irrigation)  
Travis Williams - Little Canyon Creek (Stockwater and Irrigation)  
Pearson Family Ranches LLC - Little Canyon Creek (Irrigation)  
Trail Family LLP - Little Canyon Creek (Irrigation)  
Jared Zito - Little Canyon Creek (Irrigation)  
Mark Anderson - Little Canyon Creek/Snake River (Irrigation)
