Hello Richard,

The Department received a Notice of Change in Water Right Ownership for water rights 63-19126 & 63-19127 from you on November 24, 2023. On November 28, 2023 the Department requested evidence of water right ownership that postdates these water rights' Decree date of February 21, 2000. The deed that the Department received is dated May 26, 1999 and cannot be used for this change. In this circumstance a possible option for the new owner is to obtain a quitclaim deed from the owner on record, conveying the water right to the new owner.

As of the date of this email, the Department has not received the required documentation. I was wondering if you are currently working on acquiring a quitclaim deed from Larry C Hagadorn and Brenda D Hagadorn, or if the Department should return your Notice at this time.

I have attached a copy of your submitted Notice and our letter requesting more information, for your reference.

Please respond to this email within 7 days. If we do not receive a response to this email, we will return your notice and all attachments, and your notice will not be processed. You may submit any additional documentation required by the Department to: file@idwr.idaho.gov.

Thank you,

RE: Change in Ownership for Water Right No(s): 63-19126, 63-19127

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question.

During our review of the documentation you submitted we found that we will need Evidence of Water Right Ownership that postdates the Court's decree of these Water rights.

These water Rights were legally decreed to Brenda D Hagadorn and Larry C Hagadorn on February 21, 2000. The Warranty Deed that was submitted is dated May 26, 1999. Because the Warranty Deed is dated prior to the court's decree date it cannot be used as a conveyance document for these water rights. Any supporting documentation used for this process must be dated after the decree date of February, 21, 2000.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208)287-4921.

Sincerely,

Debra Mansfield
