Re: Change in Ownership for Water Right No(s): **78-2055, 78-2071A, 78-4114B, 78-7015, 78-10214**

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Water Right 78-12563: *Because this water right is still in the Application for Permit stage, an Assignment of Application for Permit will be required to complete the ownership change. Enclosed is an assignment form for your use. Please note that there is no filing fee required.*

Water Right 78-12312: *Because this water right was involved in Adjudication processing there is no fee for the change in ownership of this water right. You will receive a separate confirmation letter regarding the ownership change for water right 78-12312.*

A refund of \$50 has been requested and will be mailed to APRIL WILBUR under separate cover from the Idaho State Controller's Office for water rights 78-12312 & 78-12563.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208)287-4921.

Sincerely,

Debra Mansfield
