SUBJECT: Bear River Basin (BRBA) Claim No. 11-376D

Dear Mr. and Mrs. Young,

As we discussed over the phone, I've amended your claim to correct the legal description of the Point of Diversion (POD). The POD is where you are getting your water from. I've included the amended claim with this letter, please review the changes made and if they are correct, sign and mail it back to us at the Preston Office. If you wish to add other changes you may do so. If you would answer question 5 and include that the POD was corrected from where it was originally marked to describe the water right more accurately, that would be great. As I explained on the phone, you are not required to fill out question 5, but we would appreciate it if you did. There is a map of your claim included in the letter. This is just to show you how your claim looks currently and to help you verify that I've put in the correct legal description for the POD. Once you've signed the amended claim, please mail it back to us at:

325 E 600 S Ste 300
Preston, ID 83263

If you have any questions, feel free to reach out to me. You may make and keep a copy of the amended claim for your personal records if you wish. I don't need the map back, but if you wish to include it with the claim, you can mail it with the amended claim.

Sincerely,

Kyle McMurray
Water Resource Agent
