RE: Change in Ownership for Water Right No(s): **85-11194, 85-11197**

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Assignment of Application for Transfer for the above mentioned water rights.

The Assignment could not be processed because this is not the correct form to complete a change in ownership for established water rights. The Department is returning your submitted Assignment of Application for Transfer and the attachments. They are enclosed with this letter.

The form needed to update the ownership of these water rights is the Notice of Change in Water Right Ownership.

I have included a blank Notice of Change in Water Right Ownership form for your use. I have also included a computer-generated report of the water rights 85-11194 & 85-11197 for your reference. The reports list the current owners on record for each water right. You may complete the Notice of Change in Water Right Ownership and submit the form, with the appropriate fees and supporting documentation.

If you have any questions regarding this matter, please contact us at (208)287-4800.

Sincerely,

Debra Mansfield

RE: Change of Ownership for Water Right 85-11194, 85-11197

Dear Water Right Holders:

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records. The water right was put into Penny J. Dillard's name instead of Penny Deyo because that is the name on the deed submitted. If you would like to change the name to Penny Deyo, please submit the legal documents that changed the name. There will be no charge to change the name.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Sandy Egbert
