SUBJECT: Bear River Basin (BRBA) Claim No. 11-2100

Dear Mr. and Mrs. Kunz,

I've reviewed the claims that we did on Friday last week, and made the changes to the claim with the shape that overlapped your neighbor's property. That claim won't need to be amended, as I thought. However, I saw that I had failed to change the rate on claim 11-2100 to match what the license originally had for stockwater. I believe that you had wanted to change the rate to what the original license had, so I have made an amended claim for it that you can sign, if that is what you wanted. You'll want to review it before you sign it and then mail it back. If you do want to amend this claim, then you can just toss the amended claim I'm sending you and don't worry about it. Nothing will be changed on the claim until the Department receives a signed amended claim from you.

If you have any questions, feel free to reach out to me. It was a pleasure getting to know you and helping you file your claims.

Sincerely,

Kyle McMurray
Water Resource Agent
