Hi Jill,

Enclosed are the amended 11-353 and 11-354 claims.
I had trouble with 11-7727. The program wouldn't accept it.
Everything seemed to be in order.
If necessary, I can send it in the mail.
Otherwise, I believe that completes Lone Tree

Thanks,

Chuck

Hi Chuck,

I have prepared for you Notices of Claims that are the same as you have submitted online. [Here is the link](#) to the mapping application that will be helpful to digitally draw your irrigated acres and calculate the acres in each Quarter-Quarter which can be printed and attached with your claims. Each claim will need to have its own map, like before with the irrigated acres and the point of diversion. Please add the acreage to each Quarter-Quarter, review the claim, and make any changes you feel are appropriate. When you are ready, sign the claim and email the claims and maps back to me.

I also got more direction on what to do about the payments. It will be easiest for us to process one lump refund. I think the best way to proceed is to continue to submit the claims online, but DO NOT PAY FOR THEM. The way to do this is, once you get to the payment tab change the method of payment. You will want to change this to MAIL. You will not have to pay and your claim will still be submitted. I will then use the money we currently owe you to cover the cost of those claims. Call me after you try this to confirm that I have received the claim without payment. My number is (208) 701-7203.

With the number of claims you still have to submit, we will reach a point where you will have to pay for your claims again. I haven't done the exact math but right now we owe you about \$600 dollars due to paying for the same irrigated acres more than once. We will continue to work together, and I will communicate when we reach that point.

Let me know if you have any questions!

- Jill

Here is a screenshot of what it looks like when you change the method of payment to MAIL:
