RE: Water Right Permit No. 61-7712

Dear Mr. Arellano:

I worked with Corey Arellano in the summer of 2021 to license water right permit 61-7712. One of the requirements to license this permit is for an amendment to be filed and returned with a \$100.00 fee. After attaining the final review from my supervisor, I sent Corey Arellano the enclosed letter and an amendment of permit for him to review, sign, and return to allow this permit to be licensed. The letter and amendment sent to Corey Arellano at the address on the water right permit was returned as unclaimed, and unable to forward. I have included the returned letter and proposed amendment that was sent to Corey Arellano.

Without this amendment, we cannot move forward with the licensing of this permit. Elmore County records show that you are the owner of this property. You are also listed on the permit as one of the co-owners of the water right permit. Therefore, you can either forward this letter to Corey Arellano or you can address the letter and amendment yourself if you wish.

I have also enclosed a change of address form that will allow you or Corey Arellano to change the current address on the permit. There is no cost to change the address on a water right permit. If you have any questions, please don't hesitate to contact me.

Respectfully,

Daniel Nelson
