RE: Water Right Permit No. 96-9837

Dear Permit Holder(s):

The Department of Water Resources reviewed and processed the ownership change documentation you submitted for the permit referenced above prior to issuing water right license. The supporting documentation (Deed) submitted with the ownership change form describes the parcel appurtenant to the permitted place of use being located within the NWNE of section 12, township 58N and range 02W.

After further review I was able to verify that the elements of your water permit allow for your water use as it was actually developed. An amendment of permit 96-9837 was not necessary, and a full refund of the \$100.00 amendment filing fee has been requested on your behalf. I apologize for any inconvenience this may have caused.

If you have any questions, please call me at (208)287-4847.

Sincerely,

Bob Howe
